

10.09.2020

To the attention of our students,

Students with an FF-FD grade in only one of the courses among all courses taken in the 2019-2020 Academic Year (excluding common courses such as English, Turkish Language for Foreign Students, Atatürk's Principles and History of Revolution, Physics) will be given an online single course exam on September 25, 2020.

Students who get an NA grade in any course and those who fail more than one course cannot apply for a single course exam.

Our students must apply for the single course exam by sending the attached application form to their advisors via e-mail until September 21, 2020. They must clearly indicate the code and name of the course they want to take the single course exam.

We wish you healthy days and success.
