YEAR 1	GEC214	HISTORY OF WESTERN CIVILIZATION	PROF. DR. SLOBODAN ILIC
	The course aims to familiarize students with the historical development of the Western culture and its main concepts from its ancient non-European origins to the modern times. Using related excerpts from literature, philosophy, and political thought, as well as chosen works of art, music and film, the students will be encouraged to develop their own critical attitude on Western culture through free discussion and oral presentations.		
	GCE241	COMMUNICATION WORKSHOP	ASST. PROF. DR. SARVENAZ LUCKINGER
	For the better part of every day, we are communicating to and with others. Whether it's the speech you deliver in the boardroom, the television and social media you are using, or movies or posters you watch it all means something. The Communication workshop will help participants understand the different methods of communication and how to make the most of each of them. These strategies will provide a great benefit for any organization and its employees. They will trickle down throughout the organization and positively impact everyone involved.
